Rō COLLECTION

Tranquility and subtlety are aspirational qualities of the Scandinavian way of living. Our Scandi-meets-Japan earthen porcelain line, Rō, embodies organic modernism imbued with the spirit of calm. Masterfully crafted in Japan with a discerning eye and thoughtful restraint, every tile reveals formal perfection: no more, no less.

Six shapes bathed in ten nuanced colorways articulate quiet luxury inspired by nature's highest order—light. There is nothing more minimalist than stillness, and Rō balances earthen simplicity with a uniquely modern spirit.
