# natural reflections

The Natural Reflections Marble Collection is for those who want to make a bold statement with natural artistry. These richly veined, heavily brecciated, rare stones reject the neutral whites and greys that have recently prevailed in luxury flooring trends.

The striking stones of this collection have a long, storied history. Since antiquity, they adorned the great chateaux, manor houses, and palazzos of Europe. Their American renaissance has roots in the recent biophilic (natural) design movement and a growing desire for natural patterns and colors.

The Natural Reflections Marble Collection comes highly polished to reveal the rich and varied colorations of the marble. Choose from Afyon Violet, Afyon Gold, Calacatta Viola, Calacata Green, and Forest Gray. We offer these marble tiles in an easy-to-use 12” x 24” size.

## Usage

- Residential Interior Floors / Walls
- Commercial Interior Floors / Walls
- Shower Walls

V3 - Moderate Variation: While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the number of colors on each piece may vary significantly. For example “that little bit of color” on piece of tile may be the primary color on the next piece.
